

Construction Inspection

Description – This workshop provides construction inspectors with an understanding of the flow of activities and the fundamentals of construction inspection. For the seasoned employee (more than 3 years of experience), the workshop refreshes solid principles of construction inspections. The purpose of construction inspection is to assure the owner and the public that the work is done properly in accordance with the plans and specifications, and to minimize problems or potential risks associated with the project. Topic coverage will include the responsibilities and documentation requirements for common construction and material items.

Registration Information – Registration can be completed online at: www.mdot.ms.gov/ltap/ or by completing the information below and submitting this form to the LTAP Team via email at ltap@mdot.ms.gov. **Registration is \$35. Lunch is not provided.** Substitutions may be made at any time. Any registrant requiring a reasonable accommodation during training (i.e., mobility or access) should contact the Mississippi LTAP Center prior to the course date so the appropriate arrangements can be made.

Who Should Attend? This LTAP workshop is aimed toward local agency employees who are responsible for inspection or oversight of public roadway construction projects.
